Go App Crazy !!!

1. Pic Collage

- Show example of how to create a pic collage
- Must have at 3-5 pics, text and change the background
- Save to pic library
- Share via apple TV

2. Animoto

- Show example of how to create a movie (not a trailer)
- Must have 5-7 pics
- Must choose style and music
- Add picture titles, if desired
- Save video
- Share via apple TV

3. Educreations

- Use Jordan's lesson as an introduction via apple TV
- Students will create a quick lesson teaching something
*possible ideas are a character map, math concept, Venn diagram, spelling patterns, homophones, timeline, writing plan sheet, etc.
- Share via apple TV

4. Edmodo

- Teacher needs to set up a "lesson" first
- Students will upload one of their activities to Edmodo

5. Play at your own risk from here !!!
